CAMERO

SKI/WAKE BOATS

Most innovative and functional ski boats.

CAMERO

SKI/WAKE BOATS

With a long and illustrious history in the ski boat industry, Camero's Australian designed and built ski boats are a contemporary craft with superior ride and handling capabilities.

From the beginning, it was Camero's vision to create Australia's most innovative and functional ski boats. This tradition, coupled with an endless passion, has cemented Camero's place as an industry leader for over four decades.

From the Camero Nordic Series, which was at the forefront of ski boat design, winning many awards and used for many tournaments including the official SA Barefoot Ski Club Tow Boat, to the Camero Volante, which won Boat of the Year, with its totally radical design, becoming one of Australia's most popular family ski boats. In a tireless pursuit to be the best, our Camero Strada Series also won Boat of the Year, and was recognised many times by the Australian Water Ski Association as an Accredited Tournament Tow Boat.

The Camero Tradition continues today with the Legend Series, Vision Series and our latest CRX22 Series.

A multitude of features including great ergonomics, quality gelcoat, custom colours, sleek styling and world-class components have been specifically designed to enhance your experience, ensuring our ski and wake boats are perfect for all types of on-water activities and are guaranteed to provide enjoyment for the whole family.

*it corners like a dream and
handles like nothing else*

LEGEND

The Legend Series is perfect for all types of on-water activities whether it be skiing, wakeboarding, kneeboarding or just cruising.

The Legend's ease of steering and getting onto the plane seem effortless, it corners like a dream and handles like nothing else. Recognised by Wakeboard SA as their official tow boat for many years, the Legend has good solid wakes at low speed, while at slalom pace gives faint, soft, clean wakes. Standard features include velour or vinyl interior, full instrumentation, fully carpeted ski locker, driver's seat adjuster, stainless rear grab rail, metallic or plain gelcoat striping and auto bilge pump.

The Legend Rider's Edition retains the proven design of the Legend Series III, yet is enhanced with hardcore digital Rider's Edition wakeboard graphics and custom gelcoat design, making this model the perfect cross-over boat.

LEGEND SPECIFICATIONS

Length	6.2 Metres
Beam	2.05 Metres
Seating	6
Weight	1450 kg (incl trailer)
Fuel	120 Litres (approx)

VISION 21s

SPORT

Camero Vision 21s sports, closed bow, latest from Camero. Based on the popular Vision 21 Bow Rider. A mid sized sports boat designed to cross- over to all water sports. Camero 21s hull geometry gives soft, faint, clean ski wakes, while for the more serious wakeboarder has good solid ramp style wakes down low which can be further enhanced with the optional Camero electric ballast system.

Camero Vision 21s is the perfect cross-over ski/wake boat whether it be skiing, kneeboarding, wakeboarding or just cruising it is a dream! Standard features include metallic or gelcoat striping, vinyl or velour interior, full instrumentation, stainless laser cut dash insert, enormous full length carpet ski locker, rack & pinion tilt steering, drivers seat & swivel adjuster, stainless rear grab handle, auto bilge & acrylic see through windscreen.

VISION 21s SPECIFICATIONS

Length	6.5 Metres
Beam	2.1 Metres
Seating	8
Weight	1690 kg (incl trailer)
Fuel	120 Litres (approx)

*walk-thru bowrider designed to
cross-over to all water sports*

VISION 21i

BOWRIDER

The latest addition to the Camero family is the Vision 21i, a mid-sized, walk-thru bowrider designed to cross-over to all water sports. The Vision 21i has hull geometry similar to that of the Legend, providing faint, soft, clean ski wakes, while for the more serious wakeboarder, the optional electric ballast creates a good solid ramp.

Standard features include metallic or gelcoat striping, velour or vinyl interior, full instrumentation, carbon fibre dash inlay, full carpeted ski locker, tilt steering, driver's seat swivel adjuster, stainless rear grab rail, walk thru door and auto bilge pump and safety glass windscreen. Optional is the Vision 21i Rider's Edition which features hardcore digital Rider's Edition wakeboard graphics and custom gelcoat design.

VISION 21i SPECIFICATIONS

Length	6.5 Metres
Beam	2.1 Metres
Seating	8
Weight	1600 kg (incl trailer)
Fuel	120 Litres (approx)

CRX22C

The latest addition to the Camero family is the all new CRX 22C, the first Australian-built bowrider with maximised interior accommodation. The innovative CRX 22C demands attention and has been designed to achieve extreme performance crossing over to all water sport activities.

Its deep-V hull cuts through the water with ease and the unique hull geometry gives soft, faint, clean ski wakes, while for the more serious wakeboarder, load up the optional Camero electric ballast system to generate a solid, ramp-style wake.

Superior craftsmanship will entice you into spending more time in your boat than in the water, Camero has always focused on making the most of that experience. We have ensured the CRX 22C is loaded with only quality and stylish features including a colour coded stainless laser-cut dash, exceptional comfort and durability, additional bow seating, and a stainless steel cup holder in all the places you expect.

The CRX 22C has an attitude to match any die hard kneeboarder, wakeboarder or skier and is an exceptional ride, Camero has ensured you get the most out of your boat.

Easytow

Custom Boat Trailers

Custom built to suit your boat Since 1965

We're in it for the long haul...

For over 50 years Easytow Boat Trailers has been manufacturing high quality ski boat trailers. Not only is each trailer custom designed and manufactured to suit the given Camero model, they are Australian made, and use high quality components for greater longevity.

When buying an Easytow it's not just about owning a trailer. It also includes: national back up, comprehensive owner's manuals, a comprehensive warranty, dedicated spare parts department, and access to technical information including Tow Vehicle Set up Guides.

Be sure to check out our extensive list of options too, allowing you to customise for a need ie. Swing Drawbar for storage constraints, or 17" Wheels for looks!

FAMILY, FRIENDS, FUSION - IT'S WHAT BOATING IS ALL ABOUT.

FUSION has taken the industry leading position of engineering a truly marine product range from the ground up - including Speakers, Amplifier and flagshiped by a revolutionary Marine Stereo Unit range. FUSION's Marine Stereo Units not only incorporate a waterproof design, they are the first Marine Stereo Units on the market which are truly 100% iPod compatible. Simply slip your iPod into the draw, close the face plate, and your iPod is protected from any water or moisture - it's that simple!

The Stereo Units are also packed with other killer features, such as multi-zone control allowing users to customise their audio set-up in the different zones of their boat. A traditional CD version of the Stereo Unit is also available, as is a separate iPod dock accessory. 'The success of iPod has meant customers can truly take their music where they want to listen to it - at home, in the boat, or out and about. The gap is seamlessly integrating the iPod into the various stereo units available in the market.'

FUSION

CAMERO

SKI/WAKE BOATS

Located in the South of Adelaide Camero Ski Boats has over four decades of experience in Australian designed and built Ski Boats. They have a highly dedicated team of boat builders who are very proud and passionate about the ski/wake boats they build, and the ultimate buzz they get when watching customers pick up their new boats and seeing how happy they are with the finished product. Camero is a unique name in the Australian Ski Boat Industry and knowing that the boats are made here you are supporting local jobs and manufacturing within Australia.

From the beginning, it was Camero's vision to create Australia's most innovative and functional ski boats. This tradition, coupled with an endless passion, has cemented Camero's place as an industry leader in Australia's Ski boat manufacturing.
